

Sports Premium Aims 2016/17

Our aim for the coming year is to build on last year's increase participation, whilst targeting children not attending sport based clubs. Our three main aims are:

- To continue excellent participation levels in both curricular house-events and extra-curricular activities: creating even more house events within the school calendar.
- To ensure progression of skills throughout the school, starting with children mastering the fundamentals at Key Stage 1: assessing impact of Lancashire Scheme of Work on curricular PE sessions & starting to embed the use of the 'PE Passport' app.
- To provide lunchtime 'active play' provision for each child in the juniors, with the aim of improving the children's ability to play together in an active and constructive way. This will now be led by the Year 5 & 6 Play Leaders - building sustainably on our progress from last year.

<p>To provide CPD for staff, ensuring long-term impact of funding on curriculum delivery.</p>	<p>£900</p>	<ul style="list-style-type: none"> To further increase range of curricular provision of new activities (additional 11 hours to cover provision for whole school). To increase staff knowledge base and provide CPD opportunities. 	<p>District Sports Coaches (allied with School Sport Network) supported teachers in coaching of new and traditional sports, which supported development of sporting CPD. These coaches were observed by staff, then worked alongside them to provide skilled delivery of lessons and opportunities for team teaching, as well as picking new ideas. The impact of this was that teachers were then able to deliver independently in following sessions, allow for of a variety of sporting provision, while embedding core skills and share their good practice with fellow Key Stage teachers.</p> <p>Sports covered by CPD included:</p> <p>Dance Gym Netball Volleyball Frisbee OAA (Orienteering) Tag Rugby Hockey</p>

To provide additional opportunities for activity throughout lunchtimes and break times.	£1000	<ul style="list-style-type: none"> • Active play at lunchtimes • Change for Life events. • To promote healthy living through play and healthy living weeks. • To raise the profile of being active. • To target 'active' but not necessarily 'sport focussed' children. • Improve lunch time activity. 	<p>Active Play used to develop and train play leaders. Each Class within KS2 then had regular active play sessions in order to promote additional physical activity during break times and lunchtimes. Play leaders were trained to run these sessions for each class, enhancing their own roles as sports leaders within the school. The impact of this increased the range of physical activities at lunchtimes and developed sporting leadership responsibilities within Y5/Y6 children. This gave children greater and more focussed opportunities to be active during break and lunchtimes.</p> <p>Our school held its annual 'Healthy Living Week' including a daily walking bus, additional daily exercises on the new 'Daily Mile' track and promoting healthy eating and living through assemblies, displays and cooking activities.</p> <p>All children in the school have been encouraged towards physical activity by making it common place throughout the whole school. Our diverse house events (see below), vast array of extra-curricular clubs and healthy living week all ensured that children were encouraged and given more opportunities to be active.</p>
