Statement of Admission and Attendance

Admission

The school admission policy is available on the school website and is reviewed annually.

The school is its own admission authority but uses the Gloucestershire County admissions department to arrange admission to reception classes each year.

In-year admission (any after the September of reception) is arranged by the school by following the admissions policy and applications on the appropriate form are sent directly to the school.

Number on roll

The school currently has 443 pupils in 15 classes with a small number of spaces in some year groups. Details are shown below:

Attendance

The school has consistently good or outstanding attendance with the last three years being:

	<i>School attendance</i>	<i>National average</i>
2015	97.3% (Jan 2015)	NA
2014	96.8%	96.1%
2013	96.8%	95.2%

The attendance of all pupil groups is similar to the school average although a significant number of health issues within the small group of pupils eligible for pupil premium support in 2014-15 has resulted in that group having a lower than expected attendance rate. This is being closely monitored and supported.
