Policy Statement
We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children. We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to. We maintain an attitude of “it could happen here” where safeguarding is concerned. The purpose of this policy is to provide staff, volunteers and governors with the framework they need in order to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care. Specific guidance is available to staff within the procedure documents.
Keeping Children Safe in Education 2019

A child centred and coordinated approach to safeguarding

1. Schools and colleges and their staff are an important part of the wider safeguarding system for children. This system is described in statutory guidance Working Together to Safeguard Children.

2. Safeguarding and promoting the welfare of children is everyone’s responsibility. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

3. No single practitioner can have a full picture of a child’s needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

4. Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:
   - protecting children from maltreatment
   - preventing impairment of children’s health or development
   - ensuring that children grow up in circumstances consistent with the provision of safe and effective care
   - taking action to enable all children to have the best outcomes

5. Children includes everyone under the age of 18.

AIMS:

Through this policy Warden Hill Primary School aims to:

- To provide Staff with the framework to promote and safeguard the wellbeing of children and in so doing ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to protecting children.

Principles and Values

- Children have a right to feel secure and cannot learn effectively unless they do so.
- All children regardless of age, gender, race, ability, sexuality, religion, culture or language have a right to be protected from harm.

- All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm in accordance with the guidance.
- We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.
Whilst the school will work openly with parents as far as possible, the school reserves the right to contact children’s social care or the police, without notifying parents if this is in the child’s best interests.

We recognise that because of the day to day contact with children, school staff are well placed to observe the outward signs of abuse. The school will therefore:

- Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to.
- Ensure children know that there are adults in the school whom they can approach if they are worried.
- Include opportunities in the PSHE curriculum for children to develop the skills they need to recognise and stay safe from abuse.

We will follow the procedures set out by the Gloucestershire Safeguarding Children Board and take account of guidance issued by the Department for Children, Schools and Families to:

- Ensure we have a designated senior person for safeguarding (child protection) who has received appropriate training and support for this role and is part of the settings senior leadership team.
- Ensure we have a nominated governor responsible for child protection who has received appropriate training.
- Ensure every member of staff (including temporary and supply staff and volunteers) and governing body knows the name of the designated senior person responsible for child protection and their role and have received a safeguarding induction within their first 7 days of employment.
- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns to the designated senior person responsible for child protection.
- Ensure that parents have an understanding of the responsibility placed on the school/setting and staff for child protection by setting out its obligations in the safeguarding statement on the school website.
- Notify the relevant social worker if there is an unexplained absence of more than two days of a pupil who has a Child protection Plan (previously known as being on the child protection register.)
- Develop effective links with relevant agencies and co-operate as required with their enquiries regarding child protection matters including attendance at child protection conferences and core groups.
- Keep written records of concerns about children, even where there is no need to refer the matter immediately.
- Ensure all records are kept securely, separate from the main pupil file, and in locked locations.
- Develop and then follow procedures where an allegation is made against a member of staff or volunteer including supply or agency workers, contractors or governors.
- Ensure safe recruitment practices are always followed.
- Ensure that all staff have read part 1 and understand of Keeping Children Safe in Education version September 2019
We recognise that children who are abused or witness violence may find it difficult to develop a sense of self-worth. They may feel helplessness, humiliation and some sense of blame. The school may be the only stable, secure and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. The school will endeavour to support the pupil through:

- The content of the curriculum.
- The school ethos which promotes a positive, supportive and secure environment and gives pupils a sense of being valued.
- The school behaviour policy which is aimed at supporting vulnerable pupils in the school. The school will ensure that the pupil knows that some behaviour is unacceptable but they are valued and not to be blamed for any abuse which has occurred.
- Liaison with other agencies that support the pupil such as social care, Child and Adult Mental Health Service, education welfare service and educational psychology service.
- Ensuring that, where a pupil who has a child protection plan leaves, their information is transferred to the new school immediately and that the child’s social worker is informed.

The Policy will include reference and support for all the points below:

- Allegations Management.
- Child Sexual Exploitation.
- Gender identity and sexuality.
- Roles and Responsibilities of the DSL.
- The referral process including telephone numbers.
- Safer Recruitment.
- Safer Working Practice.
- Whistle Blowing.
- Honour Based Violence.
- Forced Marriage.
- Female Genital Mutilation.
- Anti-Bullying including cyberbullying.
- Hate incidents/crimes (procedures for recording and reporting of these are included in the anti-bullying, equality and hate policy).
- Domestic violence.
- Drugs.
- Fabricated and Induced Illness.
- Gangs and youth violence.
- Gender-based violence/violence against women and girls (VAWG).
- Mental health.
- Private fostering.
- Radicalisation.
- Sexting.
- Teenage relationship abuse.
- Trafficking.
- MAPPA.
- MARAC.
ROLES AND RESPONSIBILITIES

At Warden Hill Primary School the health, safety and welfare of the school community is of paramount importance. Parents send their children each day with the expectations that school will provide a secure environment in which their children can flourish. Teachers expect that children will arrive each day at school fit mentally and physically so that they can develop to the best of their ability in mind and body.

This school recognises it is an agent of referral and not of investigation. It is the Gloucestershire Children and Young People Services and, if necessary, Gloucestershire Police Force’s duty to decide the best way of carrying out the investigation.

All school employees have a responsibility to protect children from one or a combination of forms of abuse, as detailed in the appendix, and to report any incidents which fall within the scope of this policy involving staff, children, visitors or volunteers. Further information can be found in the “Gloucestershire’s Safeguarding Children Handbook” which is available via: www.gscb.org.uk/handbook

School Employees will:

- Follow the Gloucestershire Safeguarding Children Board Procedures in all cases of abuse, or suspected abuse
- Log and record significant aspects of any incident involving suspected abuse, including unusual behaviour, disclosures, injuries, times and dates. Please to refer below to ‘Records and Monitoring’
- Report any inappropriate behaviour / activities / outward signs of abuse to the designated staff member and/or head teacher.
- Establish and maintain an environment where children feel secure, encouraged to talk and are listened to.
- Ensure that children know that they can approach any of the adults in school if they are worried and they will receive a consistent supportive response.
- Include in the P.S.H.C.E. curriculum, opportunities for children to develop the skills they need to recognise and stay safe from abuse.
- Provide a caring environment and a curriculum where self-esteem can be nurtured and, as such, staff will adhere to other related school policies, i.e. Behaviour Policy, Bullying Policy, Equal Opportunities Policy etc.
- N.B. The exception to this process will be in those cases of known FGM where there is a mandatory requirement for the teacher to report directly to the police, although the DSL should also be made aware.

Governors will:

- Ensure that Warden Hill Primary School has a designated and trained governor for child protection
- Ensure that this policy on Safeguarding and Protection is reviewed annually and is in line with Gloucestershire County Council’s policy.
Monitor and evaluate the effectiveness of the school policy
Carry out their responsibility to safeguard and protect the welfare of all members of the school community, not just the pupils.
Ensure that evidence is kept confidentially and securely. However, **Governors must not** be given details relating to individual child protection cases or situations to ensure confidentiality is not breached.
Ensure that all staff/volunteers are selected and recruited by going through appropriate checks and that all recruitment is guided by someone suitably trained and accredited in safer recruitment.
As part of the schools recruitment, vetting and appointment process, enhanced Disqualification and Barring Checks (DBS) and other statutory lists and local intelligence checks will be sought on all staff that have substantial and unsupervised access to children
Develop and then follow procedures where an allegation is made against a member of staff or volunteer.

**The Head Teacher will:**
- Ensure that all staff and volunteers understand their responsibilities in being alert to, and acting appropriately in, cases of abuse or suspected abuse. An information sheet linked to Safeguarding is given to all new supply teachers on entry to the school.
- Ensure that all staff, governors and volunteers understand that there is a procedure to be followed in dealing with child protection allegations made against teaching and non-teaching staff. This procedure must be followed on all occasions. All staff should be made aware of this process.
- Ensure that the school has a designated teacher for child protection
- Ensure that the designated teacher receives appropriate training and that this training is disseminated to all others in the school
- Follow procedures where an allegation is made against a member of staff or volunteer and inform the chair of Governors.
- Ensure that parents understand the school’s responsibilities in relation to child protection by setting out these obligations in the school’s Safeguarding Statement. Parents and carers need to be are aware that school staff have a duty to inform the local social services department if they suspect a pupil may have been deliberately harmed or neglected. We will inform and involve parents unless this is likely to cause greater harm to the child, then referral would be made without reference to the parents

**The Designated Safeguarding Lead will:**
- Ensure that every member of staff, (including volunteers and governors) knows who the designated teacher is and where to find them to pass on information.
- Ensure that liaison and cooperation with other agencies that support the pupil such as Social and Health Care, Education Social Work Service and Educational Psychology Service takes place.
- Ensure that, when a pupil subject to a Child Protection Plan leaves, their information is transferred to the new school immediately and that the child’s social worker is informed.
- Inform the duty social worker at the Assessment Team if a pupil, who is subject to a Child Protection Plan, has unexplained absence of more than 2 days.
• Ensure that where possible appropriate staff attend case conferences on children in the school.
• Keep accurate written records of concerns on children even where referral is not appropriate immediately.
• Ensure that all child protection records are kept secure and confidential and separate from the main pupil file.
• Follow the county guidance on reporting and tracking lost pupils.
• Maintain his or her own knowledge and awareness of the issues, policy and practice of safeguarding and protection such as through regular attendance at appropriate training courses and meetings.
• The Designated Safeguarding Lead and/or the Headteacher will provide an annual report for the governing body detailing any changes to the policy and procedures; training undertaken by all staff and governors and other relevant issues.

Operation Encompass

Warden Hill Primary School GLOUCESTERSHIRE ENCOMPASS COMMITMENT

As part of our commitment to keeping children safe we have signed up to implement the principles and aims of the Gloucestershire Encompass Model.

In signing up to Gloucestershire Encompass the Governing Body and Senior Leadership Team:

• Endorse the Gloucestershire Encompass Model and support the Key Adults in our school to fulfil the requirements of the Gloucestershire Encompass Protocol.
• Promote and implement Gloucestershire Encompass processes and use these in accordance with internal safeguarding children processes.
• Recognise the sensitive nature of the information provided and ensure that this is retained in accordance with the principles of data protection.

Our nominated Encompass teacher is Mrs. Nicholson. You can contact her on: 01242 523827 or admin@wardenhill.gloucs.sch.uk

The Child Protection Process

RAISING THE PROFILE OF ‘SAFEGUARDING AND PROTECTION POLICY’

The following are ways in which the policy will be promoted throughout the whole community.
• A copy of this policy will be emailed to all staff after every update.
• Through the curriculum mainly in lessons on Personal, Social, Health and Citizenship Education.
• As part of whole school assemblies
• Open discussions during class circle time and school council meetings.
• Continue to promote an ethos in school of mutual respect, openness and fairness where staff are seen as approachable and always willing to listen.
• Children are encouraged to use the internet in a safe way and reasons for this are explained as appropriate.
• Relevant Posters such as ‘Childline’ are to be openly displayed.
• Designated staff will advise and support children, colleagues and volunteers.
• Policy to be put on school website.
• ‘Whistleblowing’ is known to all as an integral part of the policy
• Policy is reviewed annually.
• Clear statements regarding the safeguarding of children are part of the written and verbal recruitment process.
• The details of the school safeguarding policy is included in the induction for all new staff.
• Everyone visiting the school is given an information leaflet identifying procedures and contacts regarding safeguarding.
• Regularly remind parents of the information available and key aspects of keeping safe.

**PROFESSIONAL CONFIDENTIALITY**

• Confidentiality is an issue which needs to be discussed and fully understood by all those working with children, particularly in the context of child protection. The only purpose of confidentiality in this respect is to benefit the child. A member of staff must never guarantee confidentiality to a pupil nor should they agree with a pupil to keep a secret, as where there is a child protection concern this must be reported to the Designated Child Protection Co-ordinator and may require further investigation by appropriate authorities.
• Staff will be informed of relevant information in respect of individual cases regarding child protection on a “need to know basis” only. Any information shared with a member of staff in this way must be held confidentially to themselves.

**RECORDS AND MONITORING**

• Well-kept records are essential to good child protection practice. Warden Hill School is clear about the need to record any concern held about a child, children or adults within our school, the status of such records and when these records should be passed over to other agencies.
• The DSLs and DDSLs use CPOMs (on record keeping) and the rest of the staff are being trained on it in the Spring term 2020. Until then the following still exists:
1. **Red Flag** – when a child discloses something to you/you notice unusual bruising/marks/ a noticeable change in a child’s behaviour. These notes are kept in individual files on public and as a hard copy in the head’s office. They also need to be seen by the DSL or Deputy DSL and actioned—remember this is everyone’s responsibility at Warden Hill.

2. **Amber Flag** – these notes are kept on public in individual children’s files. They are about low level incidents/behaviours/ events linked to the child or parent/carer that do not meet the Red Flag threshold (described above). When filing check if there are any Red Flag forms. Is there a building picture?

3. **Behaviour Incident Forms** – filled in when there is an extreme violent/abusive outburst from a child. These forms need to be seen by Heads of KS and brought to Assistant Head/Head of Key Stage/Head’s attention for actioning.

- Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, must make an accurate record as soon as possible noting what was said or seen, putting the event in context, and giving the date, time and location. All records will be dated and signed and will include the action taken.
- These file notes are kept in a confidential file, which is separate to other files, and stored safely. In the same way notes must be kept of any pupil who is being monitored for child protection reasons.
- If a pupil transfers from the school, these files will be copied for the new establishment and forwarded to the pupil’s new school marked confidential and for the attention of the receiving school’s Designated Safeguarding lead.
- Access to these confidential children’s files is restricted to the head teacher and the school’s designated teacher. In the event of allegations involving school staff or volunteers records will be made available only to those directly involved in the investigation of the allegations on a right to know basis.
- The school will keep enhanced DBS and list 99 checks on all staff and volunteers. In some cases visitors may be asked for DBS evidence. This single central record of checks will require evidence of identity, address, date of birth, qualifications and for overseas employees, permission to work in the United Kingdom and a check that, in the case of a teacher, they are not otherwise disqualified from teaching.

**WHISTLEBLOWING**

- All staff should be aware of their duty to raise concerns about the attitude or actions of colleagues. If necessary they should speak or write to the nominated ‘whistleblowing’ governor or the Gloucestershire County Council Directorate for Children, Young People and Families. Refer to Whistleblowing Policy
- Wherever possible, Warden Hill Primary School seeks to respect the confidentiality and anonymity of the whistleblower and will, as far as possible, protect him/her from reprisals. We will not tolerate any attempt to victimise the whistleblower or attempts to prevent concerns being raised, and will consider any necessary disciplinary or corrective action appropriate to the circumstance.

http://www.gloucestershire.gov.uk/schoolsnet/CHttpHandler.ashx?id=61251&p=0
USE OF THE SCHOOL PREMISES BY OTHER ORGANISATIONS

- Where services or activities are provided separately by another body, using the school premises, the Governing Body will seek assurance that the body concerned has appropriate policies and procedures in place in regard to safeguarding children and child protection.

SAFER RECRUITMENT

The new guidance KCSiE 2019 maintains the requirement for governing bodies of schools to ensure that at least one person on any appointment panel has undertaken safer recruitment training. At least one member of the recruitment panel must undertake safer recruitment training which Warden Hill Primary School will choose appropriate training and may take advice from GSCB in doing so.

ALLEGATIONS MANAGEMENT.

In Gloucestershire the LADO is Nigel Hatten, who is supported by Tracy Brooks and Jenny Kadodia, the Allegations Management Co-Ordinators. If you have an Allegation Management Referral, please complete the attached Referral Form (DOCX, 46.5 KB) and email to amadmin@gloucestershire.gov.uk. If you are looking for general Allegation Management advice, please contact either Tracy or Jenny on the following number 01452 426320. Allegations about the Headteacher are referred to the Chair of Governors who in turn contacts the LADO. https://www.gscb.org.uk/media/2088611/escalation-of-professional-concerns-guidance-feb-2019-amended.pdf

RESOLVING PROFESSIONAL DIFFERENCE (ESCALATION POLICY)

Remember to use the ‘resolution of professional difficulties (escalation) procedures if you are left feeling that the response from social care has not addressed your concerns for the child. Advice about procedural issues including using the resolving professional differences procedures can be obtained through the

PROCEDURE WHERE HONOUR BASED VIOLENCE, FORCED MARRIAGE, FEMALE GENITAL MUTILATION IS SUSPECTED/ALLEGED

Honour based Violence is a collection of practices used to control behaviour within families to protect perceived cultural or religious beliefs and honour. Violence can occur when offenders perceive that a relative has shamed the family or community by breaking their ‘code of honour’. Honour Based Violence cuts across all cultures and communities: Turkish, Kurdish, Afghani, South Asian, African, Middle Eastern, South and Eastern European for example. This is not an exhaustive list. Where a culture is heavily male dominated, HBV may exist. ‘A forced marriage is a marriage in which one or both spouses do not (or, in the case of some vulnerable adults, cannot) consent to the marriage and duress is involved. Duress can include physical, psychological, financial, sexual and emotional pressure.’

For more information see; http://www.fco.gov.uk/en/travel-and-living-abroad/when-things-go-wrong/forced-marriage
Female Genital Mutilation is the partial or complete removal, or modification of, the female genitalia for cultural or religious reasons. In most cases, FGM can be seen as an attempt to prevent female infidelity and sexual independence by reducing a woman’s sex drive.
http://www.karmanirvana.org.uk/

If you suspect or it is alleged that any of the above has happened or there is an immediate risk to a child, please follow the same procedure under ‘Procedure where abuse is suspected/alleged’.

CHILD SEXUAL EXPLOITATION (CSE)
Child sexual exploitation (CSE) involves exploitative situations, contexts and relationships where young people receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly ‘consensual’ relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups. What marks out exploitation is an imbalance of power in the relationship. The perpetrator always holds some kind of power over the victim which increases as the exploitative relationship develops. Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including cyberbullying and grooming. However, it also important to recognise that some young people who are being sexually exploited do not exhibit any external signs of this abuse. If you suspect or it is alleged that any of the above has happened or there is an immediate risk to a child, please follow the same procedure under ‘Procedure where abuse is suspected/alleged’. A screening tool for supporting professionals in this area can be found at: www.gscb.org.uk/CHttpHandler.ashx?id=61510&p=0

MULTI AGENCY PUBLIC PROTECTION ARRANGEMENTS - MAPPA
Occasionally an educational setting may need to be involved in the assessment and management of a high risk offender e.g. where there are concerns about a sex offender having an association of some kind with the setting or where there a serious concerns about violence against a child/young person.
The multi-agency public protection arrangements ensure the assessment and management of offenders who are required to register as convicted sex offenders, violent offenders who receive a prison sentence of 12 months or more, and other offenders who are assessed as posing a high risk of serious harm. The assessment of serious harm includes risk to: children, known adults, public, staff, self.
The police, probation and prison service are the lead agencies, with other agencies including CYPD/Education settings, having a statutory duty to cooperate.
Multi-agency meetings are convened to share relevant information and produce a plan on how the identified risks can be managed. These meetings are similar in format to child protection conferences, however, the offender will not always be aware that the meetings are taking place and will not be invited to attend.
Further information is available at: https://www.gloucestershire-pcc.gov.uk/the-office-that-supports-the-pcc/partnerships-linked-with-the-pcc/mappa-gloucestershire/

MULTI AGENCY RISK ASSESSMENT CONFERENCE – MARAC
MARAC meetings are held to discuss high level incidences of domestic abuse. The purpose of MARACs are ‘to share information to increase the safety, health and well-being of victims – adults and their children, to construct jointly and implement a risk management’
The School adheres to the Gloucestershire Child Protection Procedures. The Manual is available online and the live version should be used. These procedures will be discussed annually in September.

PROCEDURES FOR RECOGNISING AND DEALING WITH RADICALISATION AND ‘PREVENT’ ISSUES
The school, through its entire staff, will be vigilant in monitoring signs of radicalisation. Senior leadership will extend their knowledge through training and updates of the issues and procedures advised by the relevant agencies. Staff will have training from senior leadership and be made aware of the higher risk individuals and risk signs. The school will report any risk behaviour immediately through GCSB or police. All school staff have completed the online Prevent training.
Prevent within schools is outlined fully on page 65.

OTHER AREAS REQUIRING MONITORING, REPORTING AND SUPPORT

APPENDICES

Appendix 1

Forms of Abuse:

**Neglect:** The persistent or severe neglect of a child which results in significant impairment of the child’s health or development. e.g.

- Failure to provide adequate food, clothing or shelter (including abandonment or exclusion from home)
- Failure to protect from physical or emotional harm.
- Failure to meet child’s basic emotional needs.
- Failure to ensure adequate supervision.
- Failure to ensure access to appropriate medical care.

**Physical Abuse:** Deliberate or intended injury to a child. e.g.

- Hitting shaking, throwing, burning, scalding, drowning, suffocating, or poisoning.
- Deliberate inducement of an illness.

**Sexual Abuse:** Actual or likely sexual exploitation. e.g.

- Use of force or enticement to take part in sexual activity penetrative, or non – penetrative.
- Involvement in non contact activities such as looking at or making abusive images.
- Encouraging children to watch sexual activities.
- Encouraging children to behave in sexually inappropriate ways.
- Any sexual activity with a child under the age of 16. (with or without agreement)
Emotional Abuse: Persistent or severe emotional ill treatment or rejection which adversely affects the child’s emotional and behavioural development. e.g.

- Conveying to a child that they are worthless, unloved or inadequate.
- Overprotection, limiting exploration and learning, preventing normal social interaction or imposing inappropriate expectations.
- Causing a child to feel frightened or in danger by the witnessing of violence towards another person whether domestic or not.

Domestic abuse: Domestic abuse is any incident of threatening behaviour, violence or abuse (psychological, physical, sexual, financial or emotional) between adults who are or have been intimate partners or family members, regardless of sexuality (Department of Health 2005). It occurs across the whole of society regardless of race, ethnicity, religion, social class, age, income and where a person lives. Increasingly we are also identifying domestic abuse between young people in their relationships, or perpetrated by a young person where their parent/carer is the victim. All staff who work with children and families should be:

- Alert to the relationship between domestic abuse and the abuse and neglect of children
- Aware that witnessing domestic abuse constitutes harm to a child or young person.

There is clear evidence that domestic abuse increases the risk of harm to children.

Mental illness of parent or carer
If a parent or carer has a mental illness, it is important not to make assumptions or generalise. However, assessment is important as there may be times that due to the effects of the illness on the parent or carer’s behaviour or the effects of medication, there is a possibility that some children may be adversely affected or be at risk of harm. In a small number of cases, children may even be at risk of very serious harm or death.

Drug or alcohol misuse of parent or carer
If a parent or carer misuses drugs or alcohol, this may impact on their parenting capacity but it is important not to generalise or make assumptions in this respect. Some substances may induce behaviour that increases the risk of harm or neglect to the child. The child’s safety may also be compromised in other ways. There is evidence that substance misuse in pregnancy can have a serious effect on the unborn child.

Learning disability of parent or carer
If a parent or carer has a learning disability, it is important not to make assumptions or generalise. Specialist assessment is recommended and Adult Learning Disability Services should provide valuable input in to assessments relating to any child. Children may be particularly vulnerable where both parents/carers have a learning disability, as the parents may need support to develop the understanding, resources, skills and experience to meet the needs of their children. Also, there is recognition of an increased risk of sexual abuse by men who target mothers with learning disabilities.
Persistent offending behaviour of parent or carer
If a parent or carer is involved in persistent offending behaviour the child’s safety may be compromised. For example, the child’s home may be targeted or there may be an ‘open house’ where it is unclear who is providing care for the child, and where individuals who pose a risk of harm may have access to the child.

Peer on Peer abuse
As stated in KCIE 2018
“abuse is abuse and should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”

We fully support and recognise this at Warden Hill and our staff have had relevant training to minimise the risk of it happening in our school. We recognise that the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously.

Appendix 2
RECOGNITION OF POSSIBLE ABUSE:

It is extremely difficult to determine if abuse has occurred. Teachers should look carefully at the behaviour of their children and be alert for significant changes. Teachers should be aware that children may exhibit any of the following without abuse having occurred:

- Disclosure.
- Non accidental injury, bruising or marks.
- Explanation inconsistent with injury.
- Several different explanations for an injury.
- Reluctance to give information about an injury
- A sudden change in behaviour – aggression, extroversion, depression, withdrawn.
- Attention seeking
- Hyperactivity
- Poor attention
- Appear frightened of parents or family members
- Abnormal attachment between parent and child
- Indiscriminate attachment
- Hyper alertness.
• Reduced response.
• Frozen watchfulness.
• Nightmares.
• Anxiety/irritability.
• Abdominal pain/headaches.
• Poor self-esteem.
• Poor peer relationships
• Act in an inappropriate way for age
• Over sexualised play/talk or drawings.
• Excessive or inappropriate masturbation
• Self-harm/eating disorder
• Frequent visits to the toilet (urinary infection).
• Reluctance to change for P.E.
• Failure to thrive
• Poor hygiene
• Recurrent/untreated infections of skin or head lice
• Untreated health/dental issues
• Frequent absence from school or repeated lateness
• Delay in meeting normal developmental milestones

Appendix 3

PARTICULAR FORMS OF PARENTAL BEHAVIOUR THAT COULD RAISE OR REINFORCE CONCERNS ARE:

• Implausible explanations of injuries
• Unwillingness to seek appropriate medical treatment for injuries
• Injured child kept away from school until injuries have healed without adequate reason
• A high level of expressed hostility to the child
• Grossly unrealistic assumptions about child development
• General dislike of child-like behaviour
• Inappropriate labelling of child’s behaviour as bad or naughty
• Leaving children unsupervised when they are too young to be left unattended

Appendix 4

PROCEDURES – ANY STAFF MEMBER
The procedure route will depend upon the urgency of the situation and whether it is merely a suspicion of abuse or an actual disclosure. These are based on the ‘Memorandum of Good Practice – Criminal Justice Act 1991.’

**Suspicion of Abuse** (if abuse is suspected but there has been no disclosure.)
1. Ask casual open questions about the nature of the concern e.g. bruises, marks, change in behaviour etc. “Can you tell me about…”
2. Do not ask any leading questions whatsoever eg “was it Mummy /Daddy?” etc. or any questions requiring a yes/no answer.
3. Believe the child and reassure them that they were right to talk to you.
4. Do not make promises that cannot be kept e.g. confidentiality – tell the child that you will have to tell someone else who will be able to help.
5. Do not jump to conclusions or speculate or accuse anybody
6. Record the facts and conversation in writing using the Amber Note immediately afterwards using the exact words spoken not implied. Sign and date the report (it may be required as evidence.)
7. Report the suspicion to the Designated Person responsible for Child Protection or the Head teacher. The Designated Person or Head teacher will take the appropriate action.
8. In the case of suspicion against a staff member or volunteer referral is to the head teacher, unless they are the one accused. In that case reference should be made to the Chair of Governors or Gloucestershire County Council Safeguarding Board.

**Disclosure**
1. Allow the child to talk – ask only open questions e.g. “Can you tell me more about….?” Do not press for detail, put forward your own ideas or use words that the child has not used themselves.
2. Stay calm and reassuring.
3. Do not make promises that cannot be kept e.g. confidentiality – tell the child that you will have to tell someone else who will be able to help.
4. Believe the child but do not apportion any blame to the perpetrator. (it may be someone they love)
5. Reassure the child that they were not to blame and they were right to talk to you.
6. Ask the child if they have told anyone else.
8. Record the conversation and facts verbatim in writing immediately afterwards using the Red note (writing notes during the interview may put undue pressure on the child). Sign and date the report (it may be required as evidence).
10. Report to the Designated Person or Head teacher who will contact the Social Services Department as necessary.
11. In the case of suspicion against a staff member or volunteer referral is to the head teacher, unless they are the one accused. In that case reference should be made to the Chair of Governors or Gloucestershire County Council Safeguarding Board.

IN ALL CASES
Negotiate getting help – Tell the child that you are going to get help for them and their family – prepare them for the fact that you must involve others, they may be interviewed by police, social worker and / or doctor to check they are OK. Inform the DSL or DDSL.

EMERGENCY PROCEDURES
Child Protection Process
If the designated Person or Headteacher are not available, establish the facts and details as above and contact the Children's Practitioner helpline on 01452426565 (option 3) to discuss their concerns with a qualified social worker and receive advice about whether a referral is appropriate or whether there are alternative ways of addressing their concerns.

Where there are urgent concerns, professional contacts Gloucestershire MASH on 01452 426565 (Option 1)

Keeping Children safe in Education

Safeguarding and promoting the welfare of children is everyone’s responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child. KCSE 2018 Version
All forms must be dated and signed by the person writing it. They must be saved under child’s first and surname with the date.

- Red Flag – when a child discloses something to you you notice unusual bruising/marks/ a noticeable change in a child’s behaviour. These notes are kept in individual files on public and as a hard copy in the Head’s office. They also need to be seen by the DSL or a Deputy DSL and actioned.
- Amber Flag – these notes are kept on public in individual children’s files. They are about low level incidents/behaviours/ events linked to the child or parent/carer that do not meet the Red Flag threshold (described above). When filing, check if there are any Red Flag forms. Is there a building picture?
- Behaviour Incident Forms – filled in when there is an extreme violent/abusive outburst from a child. They are also kept in individual children’s files on public. These forms need to be seen by Heads of KS and brought to a Deputy DSL/Head DSL’s attention for actioning.
