At Warden Hill we occasionally use photographs of pupils on display boards around the school, as evidence of learning, in the school newsletter and on the school website.

If for any reason you DO NOT wish your son's or daughter's image to appear in school publications, please tick the box below.

If you change your mind at any time, please contact the school office.

Any ethnic / cultural information you provide, will be used solely to compile statistics on the school careers and experiences of pupils from different ethnic backgrounds, to help ensure that all pupils have the opportunity to fulfil their potential. These statistics will not allow individual pupils to be identified. From time to time information will be passed on to the Local Education Authority and the Department for Education (DfE) to contribute to local and national statistics. The information will also be passed on to future schools, to save it having to be asked for again.
