Whole Class Ensemble Music Tuition Year 3

Dear Parents.

We are delighted to be able to share with you that we have secured 10 weeks of specialist music lessons for our children in Year 3 next term. Music teachers from Gloucestershire Music will come into school each week to provide tuition.

In addition to the music curriculum that we already offer, in January, Year 3 will be taught to play the cornet by a specialist teacher. We hope that in providing them the opportunities to learn to play a musical instrument, they may just fall in love with one of them and continue their musical journey beyond our school!

We are asking parents to make a small voluntary contribution of £8 towards the cost of the 10 week programme of specialist tuition lessons as it would be impossible to fund the course in its entirety out of school money. All payments can be made through the ParentPay system by **31st January**.

Many thanks for your continued support.
