

# Key Instant Recall Facts

By the end of this half term, children should know the following facts. The aim is for them to recall these facts instantly.

- I know my number bonds to 10
- I can recite the number names and order to 50

### Key Vocabulary:

Number bond, Make, Add, Equals, Total, Pair

### Stem sentences to use:

\_\_\_ and \_\_\_ make \_\_\_.

I know \_\_\_ + \_\_\_ = \_\_\_

The number after \_\_\_ is \_\_\_.

The number before \_\_\_ is \_\_\_.

Suggested activities:

### Number Bond to 10

- Use counters or small toys to find different pairs that make \_\_\_\_.
- Play a matching game with number bond cards to \_\_\_\_.
- Use a seven frame to explore different ways to make \_\_\_\_.
- Practise number bond facts during everyday routines (e.g. "What goes with 5 to make \_\_\_\_?").
- Sing number bond songs or play quick-fire "make \_\_\_\_" games.
- Bunny ears- Decide on a number to make. Put your hands on your head as 'ears' and challenge your child to
- make 3, e.g. show two fingers on one hand and one on the other.

### Counting to 50

- Nature Count Walk – Go for a walk and count 50 things you can see, such as leaves, flowers, birds, or stones. Count aloud together and encourage your child to point to each item as they count.
- Building Block Tower – Build a tower using 50 blocks or bricks. Count each block as you add it and talk about how many more you need to reach 50.
- Snack Counting – Count out 50 small snacks, such as grapes, cereal pieces, or raisins. Group them into tens to make counting easier, then enjoy eating them together.
- Hop and Count – Ask your child to hop, jump, clap, or march while counting each movement aloud from 1 to 50. Change the movement every 10 numbers to keep it fun.
- Treasure Hunt Count – Hide small objects around the house or garden. As your child finds each one, count together until you reach 50, then count all the objects again at the end.

$$0 + 7 = 7 \quad 0 + 8 = 8 \quad 0 + 9 = 9 \quad 0 + 10 = 10$$

$$1 + 6 = 7 \quad 1 + 7 = 8 \quad 1 + 8 = 9 \quad 1 + 9 = 10$$

$$2 + 5 = 7 \quad 2 + 6 = 8 \quad 2 + 7 = 9 \quad 2 + 8 = 10$$

$$3 + 4 = 7 \quad 3 + 5 = 8 \quad 3 + 6 = 9 \quad 3 + 7 = 10$$

$$4 + 3 = 7 \quad 4 + 4 = 8 \quad 4 + 5 = 9 \quad 4 + 6 = 10$$

$$5 + 2 = 7 \quad 5 + 3 = 8 \quad 5 + 4 = 9 \quad 5 + 5 = 10$$

$$6 + 1 = 7 \quad 6 + 2 = 8 \quad 6 + 3 = 9 \quad 6 + 4 = 10$$

$$7 + 0 = 7 \quad 7 + 1 = 8 \quad 7 + 2 = 9 \quad 7 + 3 = 10$$

$$8 + 0 = 8 \quad 8 + 1 = 9 \quad 8 + 2 = 10$$

$$9 + 0 = 9 \quad 9 + 1 = 10$$

$$10 + 0 = 10$$
