Warden Hill Primary School

GAME DESIGN Afterschool Club_

At Jam Coding, our goal is to help improve children's digital skills. Does your child enjoy playing games? Children will learn to use their gaming experience and imagination to develop their own unique game. This course will take children through all the steps that real game developers use to create games. They will design characters, add backgrounds and use code to develop their own 2D game using game development software. At the end of the course, all children will receive a certificate and one team will receive a trophy!

DATES: Every Friday 6th Nov to 11th Dec

TIME: 3:20pm – 4:20pm

PRICE: £8.95 per session

BOOK HERE: Click here to book

Click the link above to view course details OR visit our website and head to the booking tab. Enter your postcode in the locations field and click search to view courses. Then select the school or venue you require. N.B. You can only attend courses held at the school that your child attends. You can also search by the school postcode.
